

West Midlands North Foundation School

Individual Placement Description – The Dudley Group NHS Foundation Trust

Placement	FY2 - General Practice
The department	Foundation training in general practice is a challenging and rewarding experience. For those considering a career in general practice, it is a valuable introduction to primary care. F2 doctors have the opportunity to experience all aspects of general practice ranging from day surgeries to supervised home visits to seeing acutely ill patients
The type of work to expect and learning opportunities	Primary Care provides a rich learning opportunity: you will be seeing the full breadth of patient cases (and may be expected to visit patients in their own homes), under direct supervision and discussing their management; this will broaden and strengthen your clinical and therapeutic knowledge. Similarly your consultation and communication skills will improve through direct patient contact. There is a weekly 3 hour protected teaching programme held at Russells Hall Hospital for 40 weeks per year. The working day is compliant with the resident doctor's contract.
Where the placement is based	The practices are generally based in The Greater Dudley area.
Supervisor(s) for the placement	Named supervisors are appointed in line with the GMC requirements for Clinical and Educational Supervision and will be allocated at the time of appointment
Main duties of the placement	The working week will not include night shift work or weekend work, the working week is compliant with the resident doctor's contract.
Typical working pattern in this placement	No banding
Employer information	Based in the heart of the Black Country, The Dudley Group NHS Foundation Trust is the main provider of hospital and adult community services to the populations of Dudley, significant parts of the Sandwell borough and smaller, but growing, communities in South Staffordshire and Wyre Forest. The first hospital trust in the area to be awarded coveted Foundation Trust status in 2008, we provide a wide range of medical, surgical and rehabilitation services. Currently the Trust serves a population of around 450,000 people from three hospital sites at Russells Hall Hospital, Guest Outpatient Centre in Dudley and Corbett Outpatient Centre in Stourbridge. The Trust provides the full range of secondary care services and some specialist services for the wider populations

	of the Black Country and West Midlands region. The Trust also provides specialist adult community based care in patients' homes and in more than 40 centres in the Dudley Metropolitan Borough Council community. Our hospitals are among some of the most technologically advanced in the country, where state-of-the-art equipment and modern, purpose-built buildings combine to create the highest standards of patient care. In a year we... • deliver 4,700 babies • see around 500,000 outpatients • treat almost 100,000 patients in our emergency department • maintain our 13,000 Public Members The hospital has a state of the art Education Centre, Simulation Facility and excellent library facilities. It also has an Undergraduate Teaching Academy taking over 500 medical students from Birmingham University each year.
